

Term Spring 2021	Course ECON 136 01 - Econometrics	Primary Dept ECON	Primary Division Social Sciences	Enrolled: 49 Responded: 44
Instructors Kitamura, Yuichi (P)				

The Faculty of Arts and Sciences Steering Committee requests that readers of student course evaluations for AY 2020-21 keep in mind the extraordinary teaching conditions of this academic year, among them faculty and student adjustment to new pedagogies and technologies demanded by remote course delivery; disruptions to faculty routines for balancing research, teaching, and service; and disruptions to childcare, schooling, elder care, and other faculty obligations outside of their work at Yale.

#11 Summarize the strengths and weaknesses of the Teaching Fellow. In what ways was their teaching effective and in what ways could their teaching be improved?

Instructor: Pereira Cordeiro, Fernando

Responses for Instructor: 18
Declined to Answer Question: 26

Respondent	Answer
1487814	Really good at reviewing confusing concepts from class and making sure we were equipped to handle our psets
1488713	Fernando is great and was always a great resource. I feel like he really cared about student learning and was willing to help us be successful.
1491957	Fernando's discussion sections are super. He gives great review of course materials.
1492147	Fernando's weekly discussion sections are an excellent supplement to the lectures delivered. He summarizes the lectures well and provides a great overview of the content taught in an easily digestible and coherent manner. He is responsive to questions both on Piazza and via email, and his answers are always sufficiently detailed and easy to understand. Thank you for making the semester so enjoyable and enriching!
1492645	Nice colorful notes
1494448	Fernando was great at explaining things clearly and summarizing the course material. He was also incredibly responsive on Piazza and overall a helpful and fantastic TA. I really appreciated his section material and felt that it was very useful.
1496419	Amazing TA, perfect
1497018	Fernando was so dedicated to the functioning of this course. I cannot emphasise how often (even in the last semester of this series) he taught all the necessary concepts with such parsimony and depth of explanation. I am forever grateful to what he has taught me about statistics.
1497146	Strengths: nice sections targeted towards summarizing lectures and helping us with homework questions (and doesn't just run through how to do the homework), is patient with questions, very nice person and does his best to help you learn
1497533	Fernando's sections were very helpful in summarizing the content were learned during the week. They didn't feel very interactive, but I think that's more because of Covid than because of Fernando.
1499958	Amazing!
1500081	Fernando is absolutely amazing and so helpful with psets and review. He's fantastic. His section notes are the best study material.
1500225	Fernando was a great TA. His sections provided very helpful review for each week's class content. He is also very patient in office hours.
1500509	This is my second semester having Fernando as a TF, and again he has never failed to show up to each section prepared with a thorough review of class material + pset questions. He provides excellent responses to student questions during both section and OH.
1500520	Fernando's normal office hours aren't the most helpful because he's vague in his feedback, but his pre-exam reviews are great.
1500582	Fernando was an amazing TF. He is always open to clarifying any questions that students may have and does so in an easily understandable, intuitive way with a lot of relevant examples.
