Respondent	Answer
1562855	Strengths: organized and covers all information for sections weaknesses: he does not explain the section worksheets much; he basically only gives answers and moves on
1565858	Strengths: willing to help. Weaknesses: went over information quickly
1568477	Fernando did a great job of teaching the math behind the concepts in section. He was always available for addition help and answered emails in a timely manner!
1588672	He was very good. Couldnt find any weaknesses
1588692	Great TF!
1588740	I think that he checked in with us often to see if we understood the concepts. He also gave us time to do the work before giving us the solution. A piece of advice that I would offer is to repeat the question if he sees students not responding.
1588750	Very helpful
1588812	Very good and thorough
1588835	Fernando did a great job conducting sections and answering any questions that arose.
1588870	Pereira was an amazing Teaching Fellow. He was able to clear any confusion I had and provided clear feedback on psets and exams.
1590105	Professor Cordeiro was helpful in section and stopped to answer questions. It would be helpful if he had students try to participate in solving the problems more instead of having us watch him solve them.
1590402	Fernando did a great job explaining the material and was always prepared to answer questions. I also found his review sessions to be the most helpful.
1590537	He did a good job of breaking down the concepts in the problem sets
1591556	I thought he was an effective TF in sectionhe definitely made an effort to help us understand. I do think that sometimes his explanations were a little unclear, but on the whole I appreciated his help.
